NORTH MECHANICAL CONTRACTING

**A CULTURE OF
SUCCESS**

Job Description:

Metal Trades – Shop Employee

Company Overview:

North Mechanical Contracting and Services is a leader in the mechanical industry dedicated to delivering mechanical solutions from concept to success. Based in Indianapolis, we specialize in comprehensive construction, contracting, preventive maintenance, and innovative approaches to mechanical systems. Our passion is Excellence, Inspiration, and Innovation.

Position Overview:

The ideal candidate will be responsible for helping us cut, prepare, and process material for industrial piping fabrication. They will help us manage materials in various stations along our production lines. They will need to communicate with team members regarding the processing and handling of materials used in our production.

Responsibilities:

- Cut and prep piping materials for fabrication.
- Learn and use pipe profiler machine. Training will be provided.
- Stage material for fabrication.
- Assist with fabrication tasks.
- Unload delivery trucks.
- General cleaning of work area, fabrication shop, warehouse, and outside storage areas.
- Perform general maintenance on shipping racks and carts.

Recommended Qualifications:

- Must be able to lift a minimum of 50 pounds.
- Excellent communication skills, problem solving skills, and attention to detail.
- Ability to prioritize
- Knowledgeable with technology and ability to learn new software.
- Ability to work in team and independent environments.
- Operating equipment [forklift, telehandler]. Training will be provided.
- Knowledge of plumbing and mechanical materials is preferred.

Benefits:

We offer competitive compensation, health benefits, professional development opportunities, and a collaborative work environment.
