Based in Indianapolis, we specialize in comprehensive construction, contracting, preventive maintenance, and innovative approaches to mechanical systems. Our passion is Excellence, Inspiration and Innovation.

Position Overview:

The ideal candidate will assist in the overview and coordination of various aspects of mechanical projects from preconstruction to closeout. They will closely work with our fabrication team as well as our internal team of project managers, project coordinators, field personnel, virtual design team, and clients to ensure a project meets quality, budget, and schedule requirements.

Responsibilities:

- Review project specifications, drawings, and contracts.
- Prepare and update project/fabrication schedules, budgets, and progress meetings.
- Assist with estimation duties as needed.
- Coordinate and communicate with project stakeholders, including clients, subcontractors, suppliers, and internal staff.
- Monitor and control project quality, scope, risks, and implement corrective actions.
- Perform site visits to verify project status and quality.
- Supervise, assist and mentor project staff and provide technical guidance and support.

Recommended Qualifications:

- Driven and proactive personality with a willingness to learn.
- Excellent communication skills, problem solving skills, accuracy, and attention to detail.
- Knowledgeable with technology and ability to learn new software.
- 1-3 years of related experience with HVAC, plumbing, or similar role in the industry.
- College degree in related field is preferred.
- Procore or industry certifications are preferred.

Benefits:

We offer competitive compensation, health benefits, professional development opportunities, and a collaborative work environment.
